

Expanding and transforming the student learning experience through accessible, equitable and sustainable multi-disciplinary support initiatives.

Dr Deborah Jackson, Maths Hub Coordinator, La Trobe University

ACSME 2022

Multi-disciplinary support and basic skills support are vital for student confidence, competency, and positive outcomes.

MATHS SKILLS PROGRAMS provide tailored basics skills support, highlighting the relevance of maths to disciplines, since 2010.

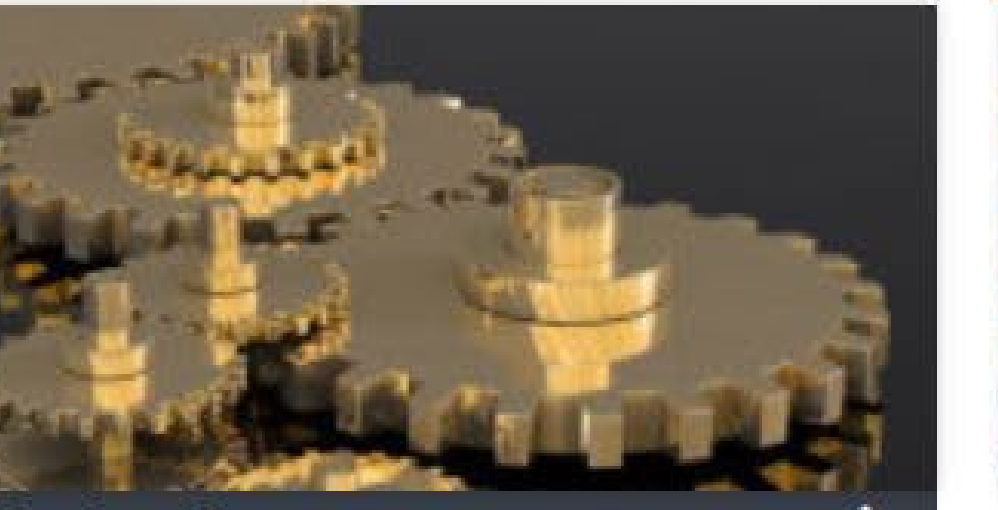

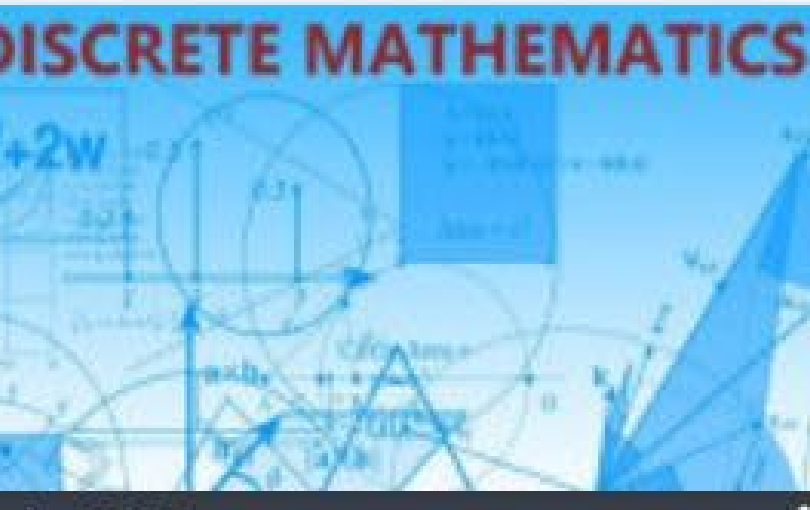

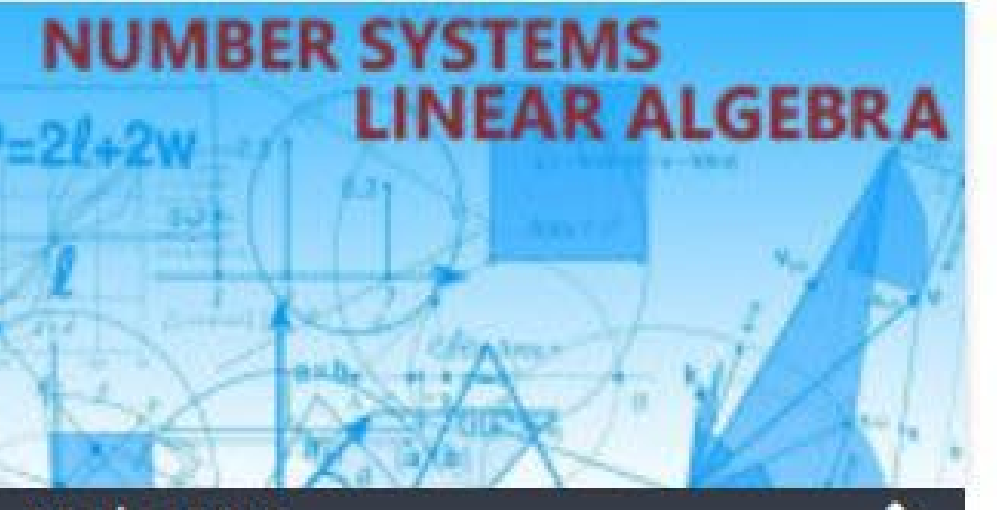

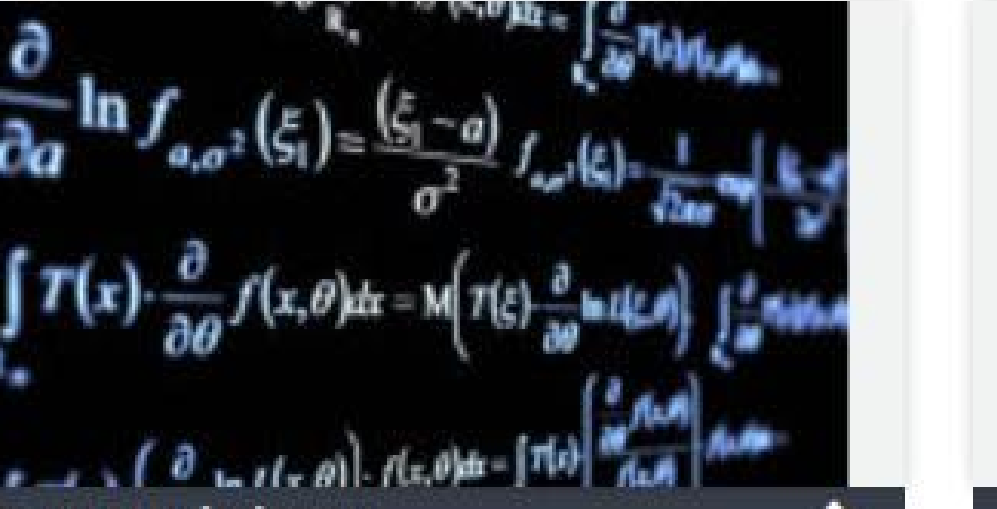

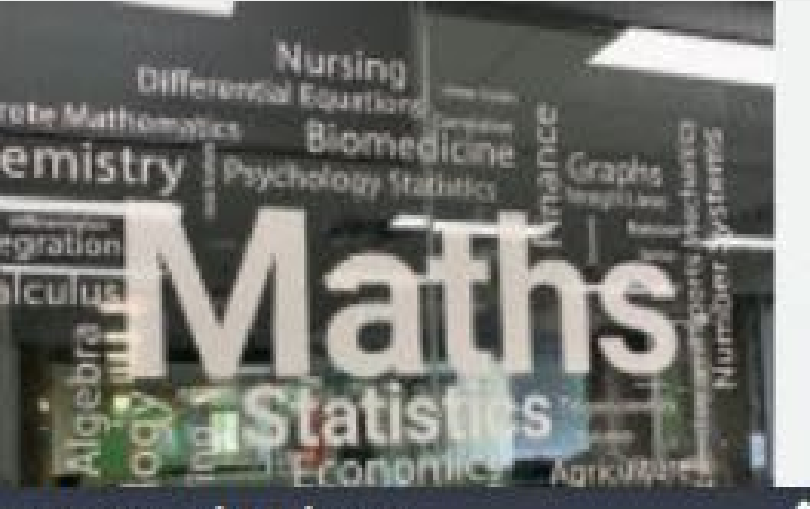

MATHS HUB extended the existing basic skills support to direct subject support in 2018. Skills programs were renamed & revamped as **MATHS HUB MODULES**

Maths Hub success led to the establishment of the

CHEMISTRY HUB
SCIENCE HUB
CODING HUB

Easily accessible support, conducted in a friendly, sensitive environment, encourages students to acknowledge inadequacies and misunderstandings, improve skills, catch-up, and experience detailed problem solving with individual help.

Maths Hub

 Maths Hub Information	 Timetables	 Accounting	 Agricultural Science	 Biochemistry & Biotechnology
 Biology	 Biomechanics	 Biomedicine	 Business and Finance	 Chemistry
 Economics	 Education	 Engineering	 Maths 1002/CDE	 Maths DM
 Maths 1001	 Maths NLA	 Maths MAB	 Nursing	 Physics
 Probability	 Psychology Statistics	 Statistics	 Topic Worksheets	 Instructional Videos

Over 16,000 visits to the Maths Hub since 2018

Over 3500 unique students have engaged in the Maths Skills Programs/Maths Hub Modules (quizzes & worksheets) since 2010.
